

Law Enforcement Narcan Licensure Training

Law Enforcement officers and emergency responders are often the first to arrive on scene to help an overdose victim so it is critical they have the training needed to help reverse an overdose. **With a target audience of law enforcement**, this training includes ECSI Healthcare Provider CPR&AED (if needed), ECSI Standard First Aid, and a Narcan cognitive and skills verification module. Each separate course is from 8:00am-3:30pm.

There is an online component to this training. After enrollment in the course, a second email with directions to the Online Learning Academy will be sent. Cost is FREE.
